# General Information

## Nature of Proposal

This proposal is being submitted to Gila County ("Customer") by Verizon Business Network Services Inc., on behalf of MCI Communications Services, Inc. d/b/a Verizon Business Services and its affiliates and successors ("Verizon") and is strictly contingent upon the parties' execution of a written agreement consistent with the terms and conditions of the attached Verizon U.S. Services Agreement. and, in regards to the temporary PIP line, the attached MiCTA Participation Agreement (sample documentation attached hereto as Exhibits A and B respectively) and such other terms and conditions as the parties may mutually agree upon.

Verizon does not consider the proposal itself to be a legally binding offer to contract. In the event of an award to Verizon, Verizon and Customer will enter into good-faith negotiations for a written agreement that includes terms and conditions as may be mutually acceptable to both parties.

Verizon takes a general exception to the terms and conditions contained in the RFP.

Verizon expects that neither the RFP nor Verizon proposal will be incorporated in any definitive agreement, but such agreement will address the topics in this RFP and Verizon proposal and supersede both.

By submission of this response, Verizon makes no representation that it can or will provide any equipment, installation, maintenance, management or other services in every location.

Verizon's ability to provide equipment and related services in certain locations is pending and contingent on Verizon's development of product offers, including but not limited to service availability; negotiation of acceptable pricing and terms with Customer, subcontractors, affiliates and operating companies; development of operational and billing support; addressing tax and export/import concerns; obtaining required licenses and registrations to do business.

Verizon disclaims any and all liability for any damages whatsoever associated with Verizon inability to perform or provide any services proposed by Verizon in this RFP.

For services provided by a Verizon U.S. affiliate, such services will be provided by one or more of the entities in the U.S. Affiliate listed in the Guide. For services provided by a non-U.S. affiliate, such services will be provided by the Verizon Operating Company as indicated in the agreement.

"Guide" means the online Service Publication and Price Guide, which contains Service product descriptions, definitions, terms and conditions, and pricing, and is accessible on Verizon's Internet website, accessible via the following link: [http://www.verizonenterprise.com/us/publications/service\\_guide](http://www.verizonenterprise.com/us/publications/service_guide) (or at such other URL as may be designated by Verizon from time to time).

Verizon reserves the right to modify the Guide from time to time, as specified in the Guide.

## Confidentiality Statement

The attached documentation, and any oral communications regarding such documentation, is the property of Verizon and/or its affiliates, contains confidential and proprietary information of Verizon and/or its affiliates, and is submitted to Gila County ("Customer") and its contractors in confidence pursuant to the Non-Disclosure Agreement between Verizon and Customer dated on or about September 9, 2016 (the "NDA").

Accordingly, the attached documentation, and any oral communications regarding such documentation, may be used by Customer and its contractors solely for the purpose of evaluating Verizon and its

affiliates' products and services for possible purchase by Customer; and, Customer and its contractors agree to:

- (1) Treat the attached documentation, and any oral communications regarding such documentation, including, without limitation, any pricing, terms and conditions, and any information relating to Verizon or its affiliate's technology, business affairs, or marketing or sales plans, as strictly confidential.
- (2) Not copy the attached documentation, in whole or in part, or disclose such documentation or oral communications to others, except to persons who have a need to know for the evaluation purpose stated above and who agree, in advance, in writing, to be bound by this paragraph.
- (3) Return the attached documentation to Verizon upon written request. Customer and its contractors agree that in the event of a breach or threatened breach of confidentiality, in addition to other remedies, Verizon and/or its affiliates shall be entitled to specific performance and injunctive or other equitable relief.

Customer and its contractors shall each be severally liable for its respective breach of the terms above. Customer's and its contractors' review, use, or disclosure of the attached documentation, or any oral communications regarding such documentation, shall constitute acceptance of the terms above.

**Pricing Disclaimer**

Verizon pricing is based upon the set of requirements for the services set forth in the RFP. In the event Customer alters those requirements, or third party charges change, Verizon pricing may change.

The prices set forth in this Response exclude the following: (a) taxes, tax-like charges and tax-related surcharges; (b) "Governmental Charges" as defined in the Guide; (c) other charges expressly excluded by the final agreement to be negotiated between the parties; and (d) other charges published in the Tariffs and/or Guide.

**Validity Period**

Unless otherwise stated in this proposal, this proposal is valid for a period of ninety (90) days from the date submitted.

During this period, promotions may expire and rates, charges, and/or discounts may fluctuate with changes in the Tariffs or Guide unless specifically stated as fixed in this proposal.

**Subcontractor**

If subcontractors are to be involved in the provision of services contemplated in this RFP response, this RFP response and any resulting agreement are dependent upon Verizon being able to negotiate commercially reasonable underlying agreements with such subcontractors.

**Assumptions**

1. Verizon assumes that Customer does not require bidders to administratively manage any contracts Customer has directly with third parties.
2. Verizon assumes that all services are expected to invoice from the bidder US to a Customer US entity at a US address.
3. Verizon assumes that any contract will be between two entities incorporated in the United States.

4. Verizon assumes that Customer will have no objection to a non-US affiliate executing a separate Master Agreement for any services provided by a Non-US bidder affiliate to a non-US Customer affiliate.
5. Verizon assumes that Customer agrees to comply with all export regulations and restrictions of any jurisdiction in which services are provided.
6. Verizon assumes that Customer will keep all bidders or bidder affiliate information provided in response to this RFP confidential to the same or greater degree it would protect its own information of the same or similar type.
7. Verizon assumes that Customer understands that for tax, regulatory or possible export restrictions, that Service Order Forms may need to be executed between entities of a country where CPE or a service involving labor is delivered. Please indicate any disagreement with this assumption.
8. Invoicing and Billing: Verizon assumes that invoices will be generated by and sent to the contracting parties (which may be the contracting parties to a country-specific Service Order Form or similar schedule submitted pursuant to the master agreement) at an address in the country in which the contracting party is organized. Verizon will consider alternatives which it will review and approve subject to system capability, tax, regulatory and vendor/subcontractor issues.
9. CPE and CPE Related-Services: CPE and CPE-related services (including but not limited to installation and maintenance) will require execution of Service Order Forms or similar paperwork, in the country where the CPE will reside or CPE-related services are performed.

## Our Approach

### Private IP

Private IP Layer 3 is our network-based IP VPN service (aka MPLS VPN) that has been commercially available since May 2000. Private IP Layer 3 offers customers the best of both worlds--the any-to-any connectivity of IP services and the privacy and quality of service (QoS) of traditional Layer 2 services. Private IP is based on IETF RFC 4364 BGP/MPLS IP Virtual Private Networks (IP VPN). While MPLS was initially deployed as a traffic-engineering tool for IP backbones, it is now enjoying widespread deployment as the enabling technology for edge services like IP VPNs that require strict separation of customer IP traffic and value-add features like Differentiated Services (DiffServ) compliant classes of service and multicast virtual private networks (MVPN). Private IP uses IP-over-MPLS (Multiprotocol Label Switching) technology in conjunction with Multiprotocol BGP (MBGP) to deliver IP VPN services to its customers. Internet Dedicated Services.

For informational purposes, please review Verizon's Service Level Agreements for Private IP and Internet Dedicated provided below.

Internet Dedicated can be found via this URL:

<http://www.verizonenterprise.com/terms/us/products/internet/sla/>

The Private IP SLA is provided on the following pages.

#### **Class of Service (CoS)**

Private IP Service offers two service options –Standard and Enhanced Traffic Management (ETM). Both service types are IP-based, but ETM is the true DiffServ-compliant service. Customers gain access to these traffic priority classes based either on the Differentiated Services Code Point (DSCP) settings or IP precedence settings applied to the Type of Service (ToS) byte in the IP header of their IP traffic. Customers subscribe to either service type on a customer port-by-port basis. The general practice is to subscribe to one service type for all

customer ports; however, a customer may subscribe to ETM on some ports and to Standard on other ports.

The two choices of functionality are fundamentally different and mutually exclusive of each other. The Standard Service does not provide the customer the ability to prioritize traffic flows according to application while the ETM option does. Also, the Standard Service does not require the customer's edge router (CE) to set the Differentiated Services Code Point (DSCP) or IP Precedence. In fact, with the Standard Service any attempt by the CE to set the DSCP or IP Precedence will be ignored by the Private IP edge router (PE).

## Standard Service

Private IP Standard Service offering is an IP routing service which is suitable for non-real-time applications. The Standard service offers a single class and treats all customer traffic equally. Customers can burst to the port speed and all traffic on the port is marked Assured Forwarding (AF) 3. This service is ideal for customers that don't have real-time applications (such as voice or video) and don't need to prioritize their various data applications.

Standard Service is the only option available with both Private IP Wireless Access and Private IP Satellite Access.

## Enhanced Traffic Management (ETM)

ETM is an advanced CoS offering that enables you to assign six traffic priority classes and 10 priority levels, thus facilitating prioritization and differentiation of customer applications. Real-Time traffic priority adds jitter, i.e., varying latency for different packets, as a parameter.

Enhanced Traffic Management (ETM) is a more advanced CoS offering and enables customers to manage their traffic through six traffic priority classes. Each of these traffic priority classes maintains different levels of packet loss. Real Time traffic priority adds jitter, e.g., varying latency for different packets, as a parameter. The EF/Real Time CoS is reserved exclusively for the Real Time traffic priority class.

The six traffic classes supported are:

- **Expedited Forwarding (EF)** is dedicated for real-time applications such as voice. Traffic marked EF has the highest traffic priority.

Note: Any traffic that exceeds the subscribed EF/Real Time CoS is dropped.

- **Assured Forwarding 4 (AF4)** is used for either video or business critical applications such as. SAP, Siebel, PeopleSoft, or Point of Sale. Traffic marked AF4 has the second highest forwarding priority.
- **Assured Forwarding 3 (AF3)** is associated with business critical applications, i.e., SAP, Siebel, PeopleSoft, Point of Sale, TN3270 emulations, Citrix. The primary difference

between AF4 and AF3 is the AF4 class is associated primarily with video applications. Traffic marked AF3 has the third highest forwarding priority.

- **Assured Forwarding 2 (AF2)** is ideal for Telnet, Extranet Web Applications, and General Data applications. Traffic marked AF2 is given fourth highest forwarding priority.
- **Assured Forwarding 1 (AF1)** is ideal for applications that are relatively non-interactive and drop insensitive that typically span their operations over a long period of time as background occurrences, such as content distribution or database synchronization.

**Best Effort (BE)** has the lowest forwarding priority and is typically used for FTP, Database Synchronization, e-mail, web surfing. Traffic marked BE has the lowest priority.

Class / Queue	Naming
EF	Real Time / Voice
AF4 AF41, AF42/43	Video / Priority Data
AF3 AF31, AF32/33	Mission Critical Data
AF2 AF21, AF22/23	Transactional Data
AF1 AF11, AF12/13	General Data
BE	Default

Customers gain access to these traffic priority classes based on either:

- IETF DSCP settings

■ IP precedence settings that applied to the ToS byte in the IP header of their IP traffic  
In order to use ETM, either DiffServ Control Points (DSCP) or IP precedence must be set by the customer premises equipment (CPE) before the traffic leaves the premises. If Private IP network congestion occurs, the ETM CoS configuration gives Real-Time traffic the highest delivery ratio.

The most useful feature of ETM is that it enables the customer to set IP precedence per enterprise application. The customer decides how Private IP will prioritize the different traffic types based on the Type of Service (ToS) the customer gives the traffic. Once the ToS is set,

we will honor the CoS requested within the limits of the traffic contract and the applicable SLA to deliver the CoS priority the customer expects.

The EF/Real Time CoS bandwidth will be maintained regardless of the traffic type. Real-time traffic that is delivered to the Private IP network in excess of the subscribed EF/Real Time CoS level will be dropped.

The EF/Real Time CoS can be as high as 90% of the port, which is ideal for customers that intend to carry only voice traffic. Customers with a requirement to mark their data traffic but have no plans to do Voice Over IP or any real-time applications can opt to subscribe to a 0K EF/Real Time CoS.

### **Price Adjustment**

*The County may review a fully documented request for a price increase only after the Contract has been in effect for one (1) year. A price increase adjustment shall only be considered at the time of a contract extension and shall be a factor in the extension review process. The Board of Supervisors shall determine whether the re- requested Contract price increase or an alternate option is in the best interest of the County. Any agreed upon Contract price changes will be applied to each specific location under the contract and documented on the re- newal amendment as requested.*

Our portfolio of Managed Services speeds your digital transformation and your ability to deliver innovation. Using advanced analytics engines and virtualization technologies, we are delivering new services that drive business outcomes and free our customers from the burdens of day-to-day management.

Our Managed WAN services are supported by strong service level agreements (SLAs) and range from simple monitoring and reporting to complete outsourcing of your corporate network and data center—so you can concentrate on growing your business rather than day-to-day network operations.

### General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

**Future developments.** Information about developments affecting Form W-9 (such as legislation enacted after we release it) is at [www.irs.gov/fw9](http://www.irs.gov/fw9).

### Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following:

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)

• Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)

• Form 1099-C (canceled debt)

• Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See *What is backup withholding?* on page 2.

By signing the filled-out form, you:

- Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
- Certify that you are not subject to backup withholding, or
- Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
- Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See *What is FATCA reporting?* on page 2 for further information.

**Note.** If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

**Definition of a U.S. person.** For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

**Special rules for partnerships.** Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners' share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.

In the cases below, the following person must give Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States:

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the entity;
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the trust; and
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

**Foreign person.** If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person, do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

**Nonresident alien who becomes a resident alien.** Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

**Example.** Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

## Backup Withholding

**What is backup withholding?** Persons making certain payments to you must under certain conditions withhold and pay to the IRS 28% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

**Payments you receive will be subject to backup withholding if:**

1. You do not furnish your TIN to the requester,
2. You do not certify your TIN when required (see the Part II instructions on page 3 for details),

3. The IRS tells the requester that you furnished an incorrect TIN,

4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or

5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code* on page 3 and the separate Instructions for the Requester of Form W-9 for more information.

Also see *Special rules for partnerships* above.

## What is FATCA reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all United States account holders that are specified United States persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code* on page 3 and the Instructions for the Requester of Form W-9 for more information.

## Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account; for example, if the grantor of a grantor trust dies.

## Penalties

**Failure to furnish TIN.** If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

**Civil penalty for false information with respect to withholding.** If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

**Criminal penalty for falsifying information.** Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

**Misuse of TINs.** If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

## Specific Instructions

### Line 1

You must enter one of the following on this line; **do not** leave this line blank. The name should match the name on your tax return.

If this Form W-9 is for a joint account, list first, and then circle, the name of the person or entity whose number you entered in Part I of Form W-9.

a. **Individual.** Generally, enter the name shown on your tax return. If you have changed your last name without informing the Social Security Administration (SSA) of the name change, enter your first name, the last name as shown on your social security card, and your new last name.

**Note. ITIN applicant:** Enter your individual name as it was entered on your Form W-7 application, line 1a. This should also be the same as the name you entered on the Form 1040/1040A/1040EZ you filed with your application.

b. **Sole proprietor or single-member LLC.** Enter your individual name as shown on your 1040/1040A/1040EZ on line 1. You may enter your business, trade, or "doing business as" (DBA) name on line 2.

c. **Partnership, LLC that is not a single-member LLC, C Corporation, or S Corporation.** Enter the entity's name as shown on the entity's tax return on line 1 and any business, trade, or DBA name on line 2.

d. **Other entities.** Enter your name as shown on required U.S. federal tax documents on line 1. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on line 2.

e. **Disregarded entity.** For U.S. federal tax purposes, an entity that is disregarded as an entity separate from its owner is treated as a "disregarded entity." See Regulations section 301.7701-2(c)(2)(iii). Enter the owner's name on line 1. The name of the entity entered on line 1 should never be a disregarded entity. The name on line 1 should be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on line 1. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on line 2, "Business name/disregarded entity name." If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

**Line 2**

If you have a business name, trade name, DBA name, or disregarded entity name, you may enter it on line 2.

**Line 3**

Check the appropriate box in line 3 for the U.S. federal tax classification of the person whose name is entered on line 1. Check only one box in line 3.

**Limited Liability Company (LLC).** If the name on line 1 is an LLC treated as a partnership for U.S. federal tax purposes, check the "Limited Liability Company" box and enter "P" in the space provided. If the LLC has filed Form 8832 or 2553 to be taxed as a corporation, check the "Limited Liability Company" box and in the space provided enter "C" for C corporation or "S" for S corporation. If it is a single-member LLC that is a disregarded entity, do not check the "Limited Liability Company" box; instead check the first box in line 3 "Individual/sole proprietor or single-member LLC."

**Line 4, Exemptions**

If you are exempt from backup withholding and/or FATCA reporting, enter in the appropriate space in line 4 any code(s) that may apply to you.

**Exempt payee code.**

Interest and dividend payments	All exempt payees except for 7

**Exemption from FATCA reporting code.** The following codes identify payees that are exempt from reporting under FATCA. These codes apply to persons submitting this form for accounts maintained outside of the United States by certain foreign financial institutions. Therefore, if you are only submitting this form for an account you hold in the United States, you may leave this field blank. Consult with the person requesting this form if you are uncertain if the financial institution is subject to these requirements. A requester may indicate that a code is not required by providing you with a Form W-9 with "Not Applicable" (or any similar indication) written or printed on the line for a FATCA exemption code.

A—An organization exempt from tax under section 501(a) or any individual retirement plan as defined in section 7701(a)(37)

G—A real estate investment trust

H—A regulated investment company as defined in section 851 or an entity registered at all times during the tax year under the Investment Company Act of 1940

I—A common trust fund as defined in section 584(a)

J—A bank as defined in section 581

K—A broker

L—A trust exempt from tax under section 664 or described in section 4947(a)(1)

M—A tax exempt trust under a section 403(b) plan or section 457(g) plan

**Note.** You may wish to consult with the financial institution requesting this form to determine whether the FATCA code and/or exempt payee code should be completed.

**Line 5**

Enter your address (number, street, and apartment or suite number). This is where the requester of this Form W-9 will mail your information returns.

**Line 6**

Enter your city, state, and ZIP code.

**Part I. Taxpayer Identification Number (TIN)**

**Enter your TIN in the appropriate box.** If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN. However, the IRS prefers that you use your SSN.

If you are a single-member LLC that is disregarded as an entity separate from its owner (see *Limited Liability Company (LLC)* on this page), enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

**Note.** See the chart on page 4 for further clarification of name and TIN combinations.

**How to get a TIN.** If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at [www.ssa.gov](http://www.ssa.gov). You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at [www.irs.gov/businesses](http://www.irs.gov/businesses) and clicking on Employer Identification Number (EIN) under Starting a Business. You can get Forms W-7 and SS-4 from the IRS by visiting [IRS.gov](http://IRS.gov) or by calling 1-800-TAX-FORM (1-800-829-3676).

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

**Note.** Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

**Caution:** A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

## Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if items 1, 4, or 5 below indicate otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code* earlier.

**Signature requirements.** Complete the certification as indicated in items 1 through 5 below.

**1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983.** You must give your correct TIN, but you do not have to sign the certification.

**2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983.** You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

**3. Real estate transactions.** You must sign the certification. You may cross out item 2 of the certification.

**4. Other payments.** You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

**5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions.** You must give your correct TIN, but you do not have to sign the certification.

## Secure Your Tax Records from Identity Theft

Identity theft occurs when someone uses your personal information such as your name, SSN, or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Publication 4535, Identity Theft Prevention and Victim Assistance.

Victims of identity theft who are experiencing economic harm or a system problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

**Protect yourself from suspicious emails or phishing schemes.** Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to [phishing@irs.gov](mailto:phishing@irs.gov). You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at: [spam@uce.gov](mailto:spam@uce.gov) or contact them at [www.ftc.gov/idtheft](http://www.ftc.gov/idtheft) or 1-877-IDTHEFT (1-877-438-4338).

Visit [IRS.gov](http://IRS.gov) to learn more about identity theft and how to reduce your risk.

## Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons (including federal agencies) who are required to file information returns with the IRS to report interest, dividends, or certain other income paid to you; mortgage interest you paid; the acquisition or abandonment of secured property; the cancellation of debt; or contributions you made to an IRA, Archer MSA, or HSA. The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and possessions for use in administering their laws. The information also may be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. You must provide your TIN whether or not you are required to file a tax return. Under section 3406, payers must generally withhold a percentage of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to the payer. Certain penalties may also apply for providing false or fraudulent information.

- <sup>1</sup> Subject to Conditions, a Customer who has subscribed to a new Verizon master service agreement ("Agreement") may terminate such Agreement (and any or all services under it) at any time within 90 days of the Services Effective Date and avoid the Early Termination Charge for Service Termination by providing written notice of termination to Verizon within that 90-day period.
- <sup>2</sup> Subject to the conditions, Customers who order Verizon Private IP + for the first time with a minimum two year Service Commitment or Volume Commitment Period, as applicable (for purposes of this promotion the "Commitment"), will receive credits equal to the Monthly Recurring Charges ("MRC") for the Private IP port and the MRC for Access + in the second full monthly billing period for a two year Commitment. Customers committing to a three year or greater Commitment will receive credits equal to the MRC for the Private IP port and the MRC for Access + in the second and third full monthly billing periods. Only Private IP ports located in the contiguous United States are eligible for this promotion.
